**THE GREAT COMPOSERS AND THEIR MUSIC**

*A superb collection of the world's most celebrated classical masterpieces, in which the major works of the great composers are presented within their individual historical framework. Starting with the Romantic Era – when Beethoven produced his brilliant work – and finishing with the great age of opera, your collection will grow to form an impressive library of the world's greatest music.*

Every issue comes with complete programme notes which may be read while you listen to the music and will help you to follow the major themes.
