Storyline

Scarred City - A young cop is inducted into a special police sect of assassins who will aim to kill criminals regardless of the consequences. He quickly learns that being above the law has its cost and decides that it is not the life for him. But leaving will not be so easy...

Synopsis: American police drama. After he is involved in the cover-up of an accidental shooting, a policeman is forced to join an undercover police unit known as SCAR (Select Unit Armed Response). Their strong-arm tactics prove too much for him, forcing him into a stand-off against them when the unit attack a mansion occupied by Colombian drug dealers.

Shadow Run - is a 1998 crime film set in the south of England, United Kingdom. It is based on the novel by Desmond Lowden. It was not released in the cinema, and eventually appeared on home video in 2001. Haskell (Sir Michael Caine) is assigned a job by his boss, the aristocratic Landon-Higgins (James Fox), to highjack a high-security van in broad daylight while it's in the shadow run (out of radio contact with the main security firm). He assembles a team to carry out the heist, but things don't go according to plan, and Haskell begins to think his boss might be double crossing him. Add to this, a teenage boarding school pupil has already witnessed some of the meetings of the team and Haskell's in real trouble.
