Storyline

The President of the United States, in the midst of negative public opinion, is kidnapped while attending a charity function. Initially, we discover that the kidnapping was planned by his chief of staff to boost his poll ratings as the re-election is one week away. However, one of the kidnappers decides the opportunity for gain is too strong and turns it into a real kidnapping. What he didn't expect is another member of his group to foil his plan.—FrankyD

A staged kidnapping of the President of the United States becomes very real, forcing a lone hero to save the day.
