Storyline

Following their successful heist in Brazil, Dominic Toretto and his professional criminal crew have fled around the world and are living peacefully: Dom lives with Elena Neves; his sister Mia lives with Brian O'Conner and their son, Jack; Gisele Yashar and Han Lue are together; and Roman Pearce and Tej Parker live in luxury. Meanwhile, DSS agents Luke Hobbs and Riley Hicks investigate the destruction of a Russian military convoy by a crew of mercenaries led by former British SAS major Owen Shaw. Hobbs persuades Dom to help capture Shaw by showing him a photo of his supposedly murdered wife, Letty Ortiz, who is working with Shaw and his crew. Dom and his crew accept the mission in exchange for their amnesty, allowing them to return to the United States.

In London, Shaw's hideout is found, but is revealed to be a distraction, while Shaw's crew performs a heist at an Interpol building. Shaw flees by a custom car, detonating his hideout and disabling most of the police, leaving Dom, Brian, Tej, Roman, Han, Gisele, Hobbs, and Riley to pursue him. Letty arrives to help Shaw, shooting Dom without hesitation before escaping. Back at their headquarters, Hobbs tells Dom's crew that Shaw is stealing components to create a "Nightshade" device that can shut down all power, intending to sell it to the highest bidder. Meanwhile, Shaw's investigation into Dom's crew reveals Letty's relationship with Dom, but she is revealed to be suffering from amnesia. Dom's crew learns that Shaw is connected to Arturo Braga, a drug lord whom Dom and Brian imprisoned. While Tej purchases several cars from an auction for the mission, Brian returns to Los Angeles as a prisoner to question Braga, who reveals that Shaw helped him build his drug cartel and says Letty survived the explosion that seemingly killed her; Shaw took her in after discovering her amnesia.

With FBI help, Brian is released from prison, regrouping with the team in London. Dom challenges Letty in a street racing competition; afterward, he returns her cross necklace, but she chooses to remain with Shaw. After Letty leaves, Shaw arrives and offers Dom a chance to walk away, threatening to otherwise hurt his family, but Dom refuses. Tej tracks Shaw's next attack to a Spanish NATO base. Shaw's crew assaults a highway military convoy carrying a computer chip to complete "Nightshade". Dom's crew interferes while Shaw, accompanied by Letty, commandeers a tank, destroying cars en route. Brian and Roman flip the tank before it causes further damage, resulting in Letty being thrown from the vehicle as Dom saves her. Shaw and his crew are captured, but reveal Mia has been kidnapped by Shaw's henchmen Vegh and Klaus. Hobbs is forced to release Shaw, and Riley, who is revealed to be Shaw's covert accomplice, leaves with him; Letty chooses to remain with Dom.

Shaw's group board a moving Antonov An-124 as Dom's crew gives chase. Dom, Letty, and Brian board the craft; Brian rescues Mia and escapes. The plane attempts to take-off but is held down by excess weight as the rest of the team tether the plane to their vehicles. Gisele seemingly sacrifices herself to save Han from Shaw's henchman, Adolfson. Letty kills Riley and escapes with Hobbs to safety, but Dom pursues Shaw and the computer chip. As the plane crashes, Shaw is thrown from it and seriously injured, and Dom drives a Charger out of the exploding plane. Dom reunites with

his crew and gives the chip to Hobbs to secure their pardons. Dom and the others return to his old family home in Los Angeles. Hobbs and Elena, now working together, arrive to confirm the crew's freedom; Elena accepts that Dom loves Letty as the group prepares to say grace.

In a mid-credit's scene, Han is involved in a car chase in Tokyo when he is suddenly broadsided by an oncoming Mercedes-Benz W140. The driver walks away after leaving Letty's cross necklace by the crash, and calls Dom, saying: "You don't know me, but you're about to", as Han's car explodes.
