Storyline

In the jungles of India, Bagheera the black panther discovers an orphaned baby boy and brings him to a pack of wolves, who name him Mowgli. Ten years later, the pack learns that the murderous Bengal tiger Shere Khan has returned to their part of the jungle. Knowing that he hates humans and will stop at nothing to kill Mowgli, the wolves decide that the latter must leave; Bagheera agrees to escort Mowgli to a nearby "man village", though Mowgli is reluctant to go.

Bagheera and Mowgli rest in a tree where Kaa the python attempts to devour Mowgli but is stopped by Bagheera. The next morning, Mowgli encounters Colonel Hathi and his elephant herd. Following an argument where Mowgli refuses to go to the man village, he is abandoned by Bagheera. All alone, Mowgli meets and befriends Baloo, a laid-back and carefree sloth bear who promises Mowgli can stay in the jungle with him. Mowgli is soon kidnapped by monkeys who bring him to their leader, King Louie the orangutan. Louie tries to persuade Mowgli to teach him the ways of man, until Baloo and Bagheera arrive and rescue him, destroying Louie's temple in the process. Whilst Mowgli is sleeping that night, Bagheera tries to convince Baloo that Mowgli must be taken to the man village. Baloo remains unconvinced until Bagheera reminds him that Shere Khan will try and kill Mowgli, as he is afraid of guns and fire. This persuades Baloo, who tells Mowgli the next morning that he must take him to the man village. Feeling betrayed, Mowgli runs away. Bagheera later finds Colonel Hathi's herd and seeks their help in finding Mowgli. However, unbeknownst to any of them, Shere Khan has overheard this and now decides to hunt and kill Mowgli himself.

Whilst going through the jungle, Mowgli is ambushed by Kaa once more, who hypnotises him into a sleep, intending to devour him. However, before he can, Shere Khan arrives and tells Kaa that he is looking for a man cub; Kaa manages to hide Mowgli. After escaping Kaa, Mowgli reaches the wastelands of the jungle where he meets and befriends a group of vultures. However, Shere Khan soon arrives and tries to kill Mowgli before Baloo intervenes. Whilst Shere Khan attacks and nearly kills Baloo, Mowgli ties a burning branch to Shere Khan's tail, forcing him to run away in defeat.

Mowgli now mourns the loss of Baloo; as Bagheera respectfully takes Mowgli away, Baloo reveals he is alive, much to everyone's happiness. As they get closer to the man village, Mowgli becomes smitten with a girl getting water from the river. He follows her into the man village. Content that Mowgli is where he belongs, Baloo and Bagheera return to the jungle. [Wiki](#)

Abandoned after an accident, baby Mowgli is taken and raised by a family of wolves. As the boy grows older, the wise panther Bagheera realizes he must be returned to his own kind in the nearby man-village. Baloo the bear, however, thinks differently, taking the young Mowgli under his wing and teaching him that living in the jungle is the best life there is. Bagheera realizes that Mowgli is in danger, particularly from Shere Khan the tiger who hates all people. When Baloo finally comes around, Mowgli runs off into the jungle where he survives a second encounter with Kaa the snake and finally, with Shere Khan. It's the sight of a pretty girl, however, that draws Mowgli to the nearby man-village and stay there. —garykmcd [IMDb](#)
