Storyline:– Homefront

Phil Broker, a DEA agent, raids a methamphetamine lab owned by Danny T, a biker gang boss, and retires from the agency. Broker moves to a small Louisiana town with his daughter Maddy. One day, Maddy gets into a fight with a bully Teddy Klum, where Broker is called to her school. As they prepare to return home, Teddy's mother Cassie instigates a fight between her husband and Broker, which Broker wins easily. An enraged Cassie asks her brother Gator, a crime boss running a meth lab, to intimidate Broker. While working, Broker's friend Teedo warns him that the locals might engage in an old-school fight and not to trust them. When Broker and Maddy go horseback riding, Gator breaks into their house, kidnaps Maddy's cat Luther and finds old DEA personnel files.

Gator discovers that Broker was responsible for Danny T's arrest, which resulted in the death of Danny T's son. Hoping to expand his influence, Gator and his girlfriend Sheryl tip off Danny T, who sends members of his gang to kill Broker. Broker attempts to smooth over the situation with Teddy's family, where Maddy invites Teddy to her birthday party. As tensions between the two families slowly ease with Teddy and Maddy becoming friends, Gator warns Cassie to stay away from Broker. Broker's DEA contacts warn him that Gator may be involved with Danny T. Later, Broker heads to Gator's meth lab and sets traps, but he is subdued and tortured by Gator's thugs. Broker manages to escape, defeat his captors and recover Luther. Before Broker and Maddy leave town, the gang members and Sheryl arrive, where Broker ambushes and kills most of the gang members and Teedo gets injured, while warning Broker and Maddy.

During the firefight, Sheryl kidnaps Maddy in a boat, who uses her dad's cell phone to call Broker. From Maddy's descriptions, Broker realizes that Maddy has been taken to Gator's meth lab. Cassie arrives at Gator's warehouse after hearing news of the gunfight, where she is horrified to find Maddy there. Cassie angrily confronts Gator and demands to release Maddy before accidentally setting off Broker's traps and causing the entire building to explode into flames. Disgusted with Gator, Cassie attempts to flee with Maddy, leading to a struggle in which Gator accidentally shoots Cassie. Gator flees with Maddy in his truck, with Broker in pursuit. When Broker crashes his car, Gator prepares to shoot him, but is distracted by Maddy whom he attempts to force back into his truck. Taking advantage of the distraction, Broker frees himself and savagely thrashes Gator before reuniting with Maddy. Gator and Sheryl are arrested, while Teedo and Cassie are taken to the hospital. Later, Broker visits Danny T in prison, letting him know that he will be around when Danny T is eventually released. [Wiki](#)

Phil Broker is a former DEA agent who has gone through a crisis after his actions against a biker gang went horribly wrong and it cost the life of the son of the biker gang boss. He is recently widowed and is left with a 9-year-old daughter, Maddy. He decides to quit the turbulent and demanding life of the DEA for Maddy's sake and retires to a small town. His daughter fights off a boy who is bullying her at school, and this sets in motion a round of events that end in his direct confrontation with the local Meth drug lord. His past with the biker gang also enters the arena, making matters more complex. But he has a mission in his mind to protect his daughter, and he is ready to pay any cost that it demands. - Mujahid Khattak [IMDb](#)
