1 - Title: **Crocodile Dundee**

Storyline

Sue Charlton is a feature writer for her father's newspaper Newsday, and is dating the editor, Richard Mason. She travels to Walkabout Creek, a small township in the Northern Territory of Australia, to meet Michael J. "Crocodile" Dundee, a bushman reported to have lost half a leg to a saltwater crocodile before crawling hundreds of miles to safety. On arrival in Walkabout Creek, she cannot locate Dundee, but she is entertained at the local pub by Dundee's business partner Walter "Wally" Reilly. When Dundee arrives that night, Sue finds his leg is not missing, but he has a large scar which he refers to as a "love bite". While Sue dances with Dundee, a group of city kangaroo shooters make fun of Dundee's status as a crocodile hunter, causing him to knock the leader out with one punch.

At first, Sue finds Dundee less "legendary" than she had been led to believe, unimpressed by his pleasant-mannered but uncouth behaviour and clumsy advances towards her. She is later amazed, when in the outback, she witnesses "Mick" (as Dundee is called) subduing a water buffalo, taking part in an Aboriginal (Pitjantjatjara) tribal dance ceremony, killing a snake with his bare hands, and scaring away the kangaroo shooters from the pub from their cruel sport by tricking them into thinking one of the kangaroos is shooting back.

The next morning, offended by Mick's assertion that as a "sheila" she is incapable of surviving the Outback alone, Sue goes out alone to prove him wrong but takes his rifle with her at his request. Mick follows her to make sure she is okay, but when she stops at a billabong to collect water, she is attacked by a large crocodile and is rescued by Mick. Overcome with gratitude, Sue finds herself becoming attracted to him.

Sue invites Mick to return with her to New York City on the pretext of continuing the feature story. At first Wally scoffs at her suggestion, but he changes his mind when she tells him the newspaper would cover all expenses. Once in New York, Mick is perplexed by local behaviour and customs but overcomes problematic situations including two encounters with a pimp and two attempted robberies. After this Sue realises her true feelings for him, and they kiss.

At a society dinner at her father's home in honour of Sue's safe return and of Mick's visit, Richard proposes marriage to Sue, and in a haze of confused emotions, she initially accepts in spite of Richard having recently revealed his self-centred and insensitive "true colours" during a period of intoxication.

Mick, disheartened at Sue's engagement, decides to go "walkabout" around the United States, but Sue has a change of heart and, deciding not to marry Richard, follows Mick to a subway station. There, she cannot reach him through the crowd on the platform, but has members of the crowd relay her message to him, whereupon he climbs up to the rafters and walks to Sue on the heads and raised hands of the onlookers and kisses her, to the delight of the crowd, where they receive a round of applause.

2 - Title: Crocodile Dundee II

Storyline

Mick Dundee and Susan "Sue" Charlton are living happily together in New York. Although Mick's ignorance of city life is a hazard when he attempts to continue his former lifestyle, like blast fishing in Manhattan's waters, Sue's writing has made him a popular public figure. He goes to work for Leroy Brown, a mild-mannered stationery salesman trying to live up to his self-conceived 'bad guy in the streets' image.

While working for the DEA in Colombia, Sue's ex-husband Bob takes photographs of a drug cartel leader's murder of an unknown person, and is spotted by one of the cartel's sentries. He sends the photographs to Sue before being murdered. Colombian cartel leader Luis Rico and his brother and top lieutenant, Miguel, go to New York City to retrieve the photos.

The gangsters take Sue hostage, leading Mick to ask Leroy for help. Leroy contacts a local street gang, whom Mick asks to create a distraction by caterwauling at the mansion's perimeter, leading most of the cartel's guards on a wild goose chase while Mick rescues Sue. Rico goes into hiding to avoid arrest, and after his henchmen fail a subsequent attempt to kill Sue, Mick decides to take Sue to Australia to protect themselves on familiar ground. In Walkabout Creek, Mick is enthusiastically welcomed back by friends. After getting provisions, he and Sue take refuge on his personal land, named Belonga Mick. Here, Sue discovers that Mick legally owns a large plot of land, including a gold mine.

Rico and his men track them to Australia, where they hire some locals to assist, but their Aboriginal tracker abandons them when he hears that their quarry is Mick (the implication being that Mick is a good and respected friend). The gangsters then take Mick's friend Walter as a hostage, but Mick saves his friend by shooting Walter slightly.

Walter convinces the gangsters that Mick's failed attack was because he is the only person suitable to guide them, so they take him as a replacement tracker. He then leads the gangsters on a false trail through the Outback, during which Mick, with the help of his Aboriginal friends he summoned with a bullroarer, reduces the opposition's numbers one by one, leaving the rest increasingly nervous. Mick retrieves Walter from Rico and Miguel, leaving the latter to face him alone.

Rico sets a bushfire in a ploy to corner Mick, but Mick regains the upper hand, captures Rico, and switches clothes with him to lure Miguel into a vulnerable position. Sue, Walter, and Miguel begin shooting at the pair from a distance, mistaking their targets for each other. Walter and Miguel shoot Mick and Rico, respectively, and Rico falls down an escarpment to his death. Sue shoots and kills Miguel, after which they learn of the clothing switch from one of the aborigines. Sue is relieved to find that Walter's shot has only wounded Mick, and the two embrace. He asks her if she is ready to go home, to which she joyfully replies, "I am home."
