1 - Title: Fast & Furious 7

Storyline

After defeating Owen Shaw and securing pardons for their past crimes, Dominic Toretto, Brian O'Conner and the team have returned to the US to live normal lives. Dom tries to help Letty Ortiz regain her memory, while Brian accustoms himself to life as a father.

Meanwhile, Owen's older brother, Deckard Shaw, breaks into the hospital where the comatose Owen is held in London and destroys it with grenades, before breaking into the DSS field office in Los Angeles to extract profiles of Dom's crew. After revealing his identity, Deckard fights DSS Agent Luke Hobbs and escapes, detonating a bomb that severely injures Hobbs. Dom later learns from his sister, Mia, that she is pregnant again and convinces her to tell Brian. However, a letter bomb sent by Deckard, who has apparently killed Han Lue in Tokyo, explodes and destroys the Toretto house.

Dom travels to Tokyo to retrieve Han's body and acquires the objects found at the crash site from Sean Boswell. As Dom, Brian, Tej Parker, and Roman Pearce mourn Han and Gisele Yashar at Han's funeral in Los Angeles, Dom spots Deckard spying on them and confronts him in an underground tunnel, but Deckard flees when a covert ops team, led by government agent Mr. Nobody, arrives and opens fire. Nobody tells Dom that he will help them in stopping Deckard if he helps him retrieve God's Eye, a computer program capable of tracking a specific individual using anything on a digital network, and save its creator Ramsey from Nigerian terrorist Mose Jakande.

The team airdrops their off-road modified cars over the Caucasus Mountains in Azerbaijan, ambush Jakande's convoy, and rescue Ramsey. They leave for the Etihad Towers in Abu Dhabi and steal the flash drive containing the God's Eye chip from a billionaire hidden in a Lykan HyperSport. With God's Eye secure, Dom, Brian, Nobody, and his team use it to hunt Deckard down to an abandoned factory but are ambushed by Jakande and his henchmen, who have allied with Deckard, and forced to flee while Jakande obtains God's Eye.

As Mr. Nobody is medevaced, the team returns to Los Angeles where Dom plans to fight Deckard alone, while Letty, Brian, Tej, and Roman resolve to protect Ramsey from Jakande. Later, Brian promises Mia that he will fully dedicate himself to their family after he defeats Deckard and Jakande, and is motivated to come home after Mia reveals her pregnancy. As Jakande pursues Brian and the rest of the team with a stealth helicopter and an aerial drone, Ramsey attempts to hack into God's Eye. Discovering the situation, Hobbs leaves the hospital and destroys the drone with an ambulance.

After battling and killing Jakande's henchman Kiet, Brian hijacks a signal repeater tower that allows Ramsey to regain control of God's Eye and shut it down. Enraged, Jakande decides to kill Dom. Meanwhile, Dom and Deckard engage in a brawl on top of a public parking garage. Jakande intervenes and attacks them both; Dom uses the distraction to defeat Deckard by causing part of the parking garage to collapse beneath him. Dom attempts to crash his Dodge Charger onto Jakande's helicopter; he leaves a bag of grenades on the helicopter and crashes on the rubble of the garage. Hobbs shoots the grenades, destroying the helicopter and killing Jakande.

After Brian and Hobbs help Letty bring out Dom's unconscious body, she cradles him and tells him that she has fully regained her memories and has remembered their wedding, after which Dom regains consciousness. Deckard is arrested by Hobbs and the CIA, being locked up in a black site prison. The rest of the team relax on a tropical beach. Brian and Mia play with their son Jack while Dom, Letty, Roman, Tej, and Ramsey look on, acknowledging that Brian is happily retired with his family. Dom drives away and Brian catches up with him. As Dom recalls his memories with Brian, they bid each other farewell and drive off in separate directions.

Cast

Vin Diesel as Dominic Toretto: A former criminal, professional street racer and millionaire who has retired and settled down with his wife, Letty.

Paul Walker as Brian O'Conner: A former LAPD police officer and FBI agent turned criminal who has retired and settled down with his wife, Mia, and their son, Jack. This was Walker's final Fast and Furious film, as well as his final film appearance before his death in November 2013.

Caleb and Cody Walker, Paul's younger brothers, were used as stand-ins to complete his remaining scenes following their brother's death.

Dwayne Johnson as Luke Hobbs: A DSS agent who allied with Dom and his team after their outings in Rio de Janeiro and Europe. Johnson initially said that if Universal Pictures pursued the accelerated development of a seventh film beginning in the summer, he would be unable to participate due to scheduling conflicts with filming on *Hercules* (2014). However, as production for *Furious 7* would commence in September, Johnson confirmed his return, for *Hercules* would complete production in time to enable him to shoot the film.

Michelle Rodriguez as Letty Ortiz-Toretto: Dom's wife and a professional street racer, who was revealed to have suffered from amnesia after being presumed dead in *Fast & Furious* (2009).

Tyrese Gibson as Roman Pearce: A former criminal and childhood friend of Brian from Barstow, and a member of Dom's team.

Chris "Ludacris" Bridges as Tej Parker: A mechanic from Miami and a member of Dom's team.

Jordana Brewster as Mia Toretto: Dom's sister and a former member of his team who has settled down with her husband, Brian, and their son, Jack.

Djimon Hounsou as Mose Jakande: A Nigerian-born mercenary and terrorist who leads a private military company that allies with Shaw, and uses God's Eye to track its creator, and uses her to track down his enemies.

Tony Jaa as Kiet: A member of Jakande's team who possesses great agility, athleticism, and fighting prowess. Thai martial arts actor Jaa was confirmed to have joined the cast in August 2013, making his Hollywood debut.

Ronda Rousey as Kara: The Head of Security for an Abu Dhabi billionaire. Rousey's involvement was confirmed in August 2013. Having committed to *The Expendables 3* (2014) at the same time, Rousey was forced to shoot both films back-to-back in order to allow herself 45 days to focus on training for her UFC championship rematch against Miesha Tate. Her participation in the film was similar to that of Gina Carano making the transition from mixed martial arts fighting to acting, following Carano's involvement in *Fast & Furious 6* (2013).

Nathalie Emmanuel as Ramsey: A British computer hacktivist and the creator of the God's Eye, who allies with Dom and his team after being saved from Jakande and helps them to regain control of her program.

Kurt Russell as Mr. Nobody: The leader of a covert ops team who agrees to help Dom stop Shaw if he can help him prevent Jakande from obtaining a computer program called the God's Eye.

Jason Statham as Deckard Shaw: A former special forces soldier and intelligence agent who seeks to avenge his comatose younger brother after his hospitalization at the hands of Dom and his team in Spain.

John Brotherton portrays Sheppard, Mr. Nobody's right-hand man. Sung Kang and Gal Gadot appear in archive footage as Han Lue and Gisele Yashar. Lucas Black reprises his role as Sean Boswell, an American street racer who lives in Tokyo whom Dom meets when he travels to Tokyo to claim the body of Han, a mutual friend of theirs killed by Shaw. In September, it was confirmed that Black had signed on to reprise his role as Boswell for *Furious 7* and two more instalments. Elsa Pataky reprises her role as Elena Neves, a DSS agent and former Rio police officer who moved to the United States to become Hobbs' new partner at the DSS. Luke Evans briefly reprises his role as Owen Shaw, Deckard's now comatose younger brother, from *Fast & Furious 6* (2013), and Noel Gugliemi reprises his role as Hector for a cameo appearance from *The Fast and the Furious* (2001).

Ali Fazal portrays Safar, a friend of Ramsey to whom she sent the God's Eye for safekeeping. Fazal described his role as a cameo. Australian rapper Iggy Azalea (who also appears on the soundtrack) makes a cameo appearance as a racer at Race Wars. American singer/rapper T-Pain appears as himself as he DJs a party in Abu Dhabi. Romeo Santos makes a cameo appearance as Mando, who shelters Mia in the Dominican Republic and Klement Tinaj appears as one of the Race Wars racers. Tech [Wiki](#)

Disc 1:

Vin Diesel, Paul Walker and Dwayne Johnson lead the returning cast across the globe in their most gravity-defying and emotional adventure yet. Targeted by a cold-blooded black-ops assassin with a score to settle (Jason Statham), their only hope is to get behind the wheel again and secure an ingenious prototype tracking device. Facing their greatest threat yet in places as far away as Abu Dhabi and as familiar as the Los Angeles streets they call home, the crew must come together once again as a team, and as a family, to protect their own.

Furious 7 marked the final film performance of Paul Walker, who died in a car crash in 2013. The film is dedicated to his memory.

1 - Title: Fast & Furious 8

Storyline

Dominic "Dom" Toretto and Letty Ortiz are on their honeymoon in Havana when Dom's cousin Fernando gets in trouble owing money to local racer Raldo. Sensing Raldo is a loan shark, Dom challenges Raldo to a race, pitting Fernando's 1949 Chevrolet Fleet line against Raldo's 1956 Ford Fairlane Crown Victoria, and wagering his own 1961 Chevrolet Impala. After narrowly winning the race, Dom allows Raldo to keep his car, saying his respect is enough.

The next day, an elusive woman named Cipher coerces Dom into working for her by showing him something on her phone. Shortly afterward, Diplomatic Security Service (DSS) agent Luke Hobbs is given an off-the-books mission to retrieve an EMP device from a military outpost in Berlin, and is warned that he will face arrest if captured. Hobbs recruits Dom and his team, comprising Letty, Roman Pearce, Tej Parker, and Ramsey, to help him retrieve the device.

During the getaway, Dom forces Hobbs off the road and steals the device for Cipher, who is a cyberterrorist. Hobbs is arrested and confined in the same high-security prison which holds Deckard Shaw. They initiate a prison escape and are recruited by intelligence operative Mr. Nobody and his protégé, Little Nobody, to help the team find Dom and capture Cipher. When Hobbs and the team protest working with Deckard, he reveals that Cipher had hired his brother Owen to steal the Nightshade device and Mose Jakande to steal God's Eye, Ramsey's software program. The team tracks Dom and Cipher to their own location, moments before the two attack the base, injure the team and steal God's Eye.

When Dom shows frustration with Cipher, she shows him his ex-lover and DSS agent Elena Neves, and their son, of whose existence Dom was unaware, having kidnapped both to secure his loyalty. Cipher sends Dom to retrieve a nuclear football held by the Russian Minister of Defence in New York City. With the help of Raldo, Dom briefly evades Cipher, and persuades Deckard and Owen's mother, Magdalene, to help him, offering to arrange the Shaw brothers' freedom from government custody if they rescue his son from Cipher's plane. Cipher hacks into the electronics systems of many cars, remotely controlling them via auto drive, causing them to blockade the convoy so that Dom can take the football.

The team intercepts Dom in their cars, but Dom escapes and seemingly kills Deckard. Letty catches up to Dom and steals the football, but is nearly killed by Cipher's enforcer, Connor Rhodes, before Dom stops him and forces the football from Letty. In retaliation, Cipher lets Rhodes execute a tied-up Elena in front of Dom, threatening his son

next. Dom infiltrates a military separatist base in Russia to use the EMP device to disable security and a nuclear submarine, enabling Cipher to hijack it and attempt to use its arsenal to trigger a nuclear war.

They are intercepted by the team, who shut down the submarine's nuclear weapons and drive toward the gates that would prevent the sub from leaving to sea, while being pursued by separatists. Deckard, who faked his death with the help of Magdalene and Dom's former crew members Leo and Santos, teams up with Owen and infiltrates Cipher's plane to rescue Dom's son. Once Deckard reports that the child is safe, Dom turns on Cipher and kills Rhodes before rejoining his team. Cipher fires an infrared homing missile at Dom's Charger, but he breaks away from his team and lures the missile to the trailing submarine.

The team forms a vehicular blockade and shields Dom from the explosion as the submarine is destroyed. After killing all of Cipher's henchmen, Deckard reaches the front of the plane and confronts Cipher, who escapes by parachute, while Owen holds the pilot at gunpoint and forces him to land the plane. Mr. Nobody and his protégé visit Dom and his team in New York City to report that Cipher is still at large. Hobbs has his record cleared and is offered his DSS job back, but he declines and chooses to spend more time with his daughter. Deckard delivers Dom his son, putting his differences aside with Dom and Hobbs, and is accepted into their family. Dom names his son Brian and celebrates with his friends.
