1 - Title: Despicable Me

Storyline

Despicable Me is an American computer-animated media franchise created by Sergio Pablos. It is centred on a former supervillain turned secret agent named Gru and his yellow-coloured Minions. The franchise is produced by Illumination and distributed by its parent company Universal Pictures.

The franchise began with the 2010 film of the same name, which was followed by two sequels, Despicable Me 2 (2013) and Despicable Me 3 (2017), with a future sequel, Despicable Me 4, expected in 2024; and by two spin-off prequels, Minions (2015) and Minions: The Rise of Gru (2022). The franchise also includes many short films, a television special, several video games, and a theme park attraction. It is the highest-grossing animated film franchise and the 15th highest-grossing film franchise of all time, having grossed over \$4.4 billion globally.

In a happy suburban neighbourhood surrounded by white picket fences with flowering rose bushes, sits a black house with a dead lawn. Unbeknownst to the neighbours, hidden beneath this house is a vast secret hideout. Surrounded by a small army of minions, we discover Gru (Steve Carell), planning the biggest heist in the history of the world. He is going to steal the moon. Gru delights in all things wicked. Armed with his arsenal of shrink rays, freeze rays, and battle-ready vehicles for land and air, he vanquishes all who stand in his way. Until the day he encounters the immense will of three little orphaned girls who look at him and see something that no one else has ever seen: a potential Dad. The world's greatest villain has just met his greatest challenge: three little girls named Margo (Miranda Cosgrove), Edith (Dana Gaier), and Agnes (Elsie Fisher). —Universal Pictures

2 - Title: Despicable Me 2

Storyline

While Gru, the ex-supervillain is adjusting to family life and an attempted honest living in the jam business, a secret Arctic laboratory is stolen. The Anti-Villain League decides it needs an insider's help and recruits Gru in the investigation. Together with the eccentric AVL agent, Lucy Wilde, Gru concludes that his prime suspect is the presumed dead supervillain, El Macho, who's his teenage son is also making the moves on his eldest daughter, Margo. Seemingly blinded by his overprotectiveness of his children and his growing mutual attraction to Lucy, Gru seems on the wrong track even as his minions are being quietly kidnapped en masse for some malevolent purpose. —Kenneth Chisholm (kchishol@rogers.com)
